Where we grow next

- More short video.** Clips of 5 to 20 seconds are already the top performer, so raising the count is the clearest lift available.
- Match creative to platform.** Candid photography and video to Instagram, provider introductions and shareable graphics to Facebook.
- Build a capture habit.** A phone in hand on rounds, at new-hire welcomes and at community events turns everyday moments into the best posts.
- Keep introducing the team.** Provider spotlights travel furthest on Facebook and are an easy series to keep running.
- Lean into Instagram's momentum.** Views up 69% and followers up 54% make it the fastest-growing channel to feed.
